

MUHAMMAD GHIFFARY ALFATHAN

INFORMATION SYSTEMS & TECHNOLOGY STUDENT

Bandung | mg.alfathan@gmail.com

SUMMARY

My name is Muhammad Ghiffary Alfathan, a third-semester undergraduate student at the School of Electrical Engineering and Informatics, ITB, majoring in Information Systems and Technology. I would describe myself as adaptive, analytical, and collaborative. I am currently developing a strong interest in Cyber Security and innovative information system technologies.

ORGANIZATIONAL EXPERIENCE

Deputy Head of Operational Field, TPB CUP 2025 October 2025 — Present

- Lead and coordinate all operational divisions (Logistics, Accommodation & Transportation, and Production) to ensure smooth, efficient, and timely execution of all activities.
- Oversee planning, resource allocation, and performance evaluation while ensuring alignment with organizational goals and operational standards.

Director of Logistics, IMPACT ITB 5.0 February 2025 — July 2025

- Directed end-to-end logistics operations for events, including equipment procurement, transportation, and accommodation arrangements, ensuring efficiency and timely execution.
- Built and maintained vendor partnerships to secure reliable, cost-effective services and smooth event delivery.

Head of Creative Event, STEI-K ITB 2024 October 2024 — July 2025

- Led creative concept development for events, aligning with strategic objectives.
- Oversaw event execution from planning to delivery.

Event Production Specialist, BAZKOM CARASEL CELESTIA January 2023 — October 2023

- Collaborated with artists, event organizers, and vendors to ensure production requirements were met at the highest standard.
- Coordinated logistics and equipment procurement, ensuring timely delivery, setup, and dismantling.
- Supervised on-site crews and vendors to guarantee seamless event execution and adherence to safety standards.
- Developed efficient production workflows and layouts to optimize audience experience and event impact.

Technical Manager, BAZKOM CARASEL CELESTIA January 2023 — October 2023

- Managed all technical aspects of live events, including visuals, lighting, LED screens, sound systems, and stage equipment.
- Supervised on-stage equipment setup, operation, and maintenance, ensuring flawless technical execution during concerts.
- Coordinated with production teams, artists, and vendors to align technical requirements with creative direction.

Club President, Sepak Bola 68 September 2022 — September 2023

- Provided leadership and strategic direction for the club, overseeing training programs, matches, and member development.
- Fostered a positive, inclusive environment that encouraged teamwork, sportsmanship, and student engagement.
